HELLO LEEDS

LEWIS

NEVER KNOWINGLY UNDERSOLD

HELLO LEEDS

What a wonderful time of year this is. We're welcoming the new season with open arms. Here at your John Lewis Leeds branch, we've been busy getting ready for winter, and we can't wait to show you what's new in store.

Our new-season collections are here, full of comforting colours, textures, and styles to help you nestle in for the colder months. We've introduced a wonderful range of new brands across fashion and home, including John Lewis X Deliciously Ella, Barbour X Paul Smith and LABRUM.

Beyond the products, our Partners are here to help make your visit special. Our Personal Styling service offers personalised advice to help you find the perfect winter wardrobe, while our Home Design experts can guide you through a complete room refresh whilst our beauty society offers impartial advice, tips & inspiration on all things beauty.

And of course, no visit is complete without a stop at our Place to Eat for a delicious coffee and a treat to fuel your shopping.

We look forward to seeing you soon.

Kylie Gilson
Head of Branch, Leeds

WHAT IS THE GHD CHRONOS CURVE CONICAL WAND?

The GHD Chronos® Conical Wand is designed to create waves in your hair that'll make it seem like you've just stepped off the beach. The wand has a tapered barrel to help you create these natural looking curls and it's perfect for all hair lengths and types.

WHAT MAKES THE GHD CHRONOS CURVE CONICAL WAND SPECIAL?

Taking just 25 seconds to heat up and with a light and sound to indicate it's ready to go, the curl responsive technology responds to your hair to control heat more effectively than ever before to give you waves in just 3-5 seconds. Ideal for all of us who are time poor when trying to get ready and rush out the door.

The design is also really slick and it barely takes up any room on my dressing table. There's a super long 'professional-length' cord so you can curl even if you're far away from a plug socket and there's a brilliant safety feature that means if you accidentally leave it on it'll turn into sleep mode after 20 minutes. Although please, remember to turn it off!

Want to create beautiful beachy waves? This is the hair tool you need.

Words by Lucy Scott, Senior Editorial Manager

IS THE GHD CHRONOS CURVE CONICAL WAND WORTH INVESTING IN?

Yes! It's so easy to use, it saves time because it gives consistent waves quickly which last overnight, meaning you don't have to redo your hair the next day. I love the chic design, the handy stand to protect your carpet and the price point is incredibly competitive.

WHAT MAKES THE DYSON V16 PISTON ANIMAL SUBMARINE™ CORDLESS VACUUM SPECIAL?

I've got to start with the two-in-one cone head, which detangles even the longest hair (meaning no more pulling clumps out of brush bars) and is clever enough to detect what type of floor it's on, adjusting the power and therefore saving battery life.

Next up, emptying the CleanCompactor™ bin is incredibly simple and satisfying. Where previous cordless vacuums have required me to shake the bin to release all the dust and debris, with the new Dyson you simply click the grey button to open the hatch, then use the red lever to push it all out. And it can hold up to 30 days' worth of debris.

Dyson's most powerful cordless vacuum cleaner is here to make housework as easy as possible

Words by Olivia Adams, Senior Editor

CAN THE DYSON V16 PISTON ANIMAL SUBMARINE™ CORDLESS VACUUM WASH THE FLOOR?

In short, yes! You can have freshly washed floors with your Dyson vacuum. It's rare to find a model that can do both, without compromising on the vacuum design itself, but Dyson has done it.

IS THE DYSON V16 PISTON ANIMAL SUBMARINE™ CORDLESS VACUUM WORTH IT?

Ultimately, this is a seriously impressive piece of technology that cleans and mops in one – and converts to a handheld vacuum. I love the swivel design (it manoeuvres really well) and the edge cleaning is incredible. Plus, it provides up to 70 minutes of clean time before you need to charge it (Dyson's longest run time in a cordless vacuum). All in all, this detail-orientated Dyson made for the best cleaning experience I've ever had.
